- > EKU-PORTA 100 GW
- > Range:
 - Maximum door weight **100 kg**
 - For glass door thickness **8-12 mm**
 - Max. glass panel height **2700 mm**
 - Max. glass panel width **1600 mm**
- > Due to the unique design of the system all trolleys and clamps are concealed within the top track so that a pelmet is not required
- > No access panel required, glass doors can be removed without removing any part of the door frame or ceiling

Technical drawing of the A-profile. The side view shows a U-shaped extrusion with a small circular hole on the top flange. The top view shows a rectangular profile with a width of 69 and a height of 58. A circular callout with the letter 'A' is positioned below the side view.
